The Course

150 km of trail each day including the Extreme, MX, and Enduro tests. Amateur riders will ride the entire course. Pro & Expert riders will have some extra sections of trail that they must complete.

Vintage, Women, and Beginner classes will run a shortened course on both Saturday and Sunday of approximately 80 to 100 km each day.

Special Tests

Special test times are not just tie breakers but are part of the riders overall score.

MX and Extreme test courses will be laid out and marked by 9:00 am Friday, September 17th so that riders may walk them if they wish. Directions to the tests will be available at the registration area at 9:00 am on Friday.

Endurocross Test by Cliffshore Adventures

The Endurocross will be at the start/finish area. Pro and Expert class riders will compete at the end of day 1, five riders at a time, for four laps. Rider times will be added to their scores.
