A single dream. A world of hope.

Rod Grundy
British Empire Motor Club (BEMC Challenge)
33 Barley Mill Crescent
Bowmanville, Ontario

Dear Rod:

There are few days in the year that make us more proud as parents than the Annual Terry Fox Run. We watch in awe and admiration as teams of colleagues, family and friends join together for one remarkable day to bring Terry's vision and mission to life. It is a special and inspirational day for so many people, including the thousands of cancer patients and their families for whom hope is essential. And, thanks to you and your team, The Terry Fox Run is all about hope.

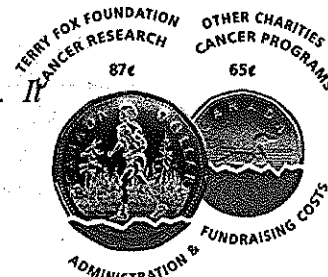

A simple *thank you* for the remarkable work you do as Team Organizer at British Empire Motor Club (BEMC Challenge) does not seem adequate when we realize the tremendous impact Terry Fox funds have made over the past three decades. Terry's call to action in 1980, asking \$1 from every Canadian, has been answered close to 500 million times. These dollars have allowed the Foundation to fund research into a variety of forms of cancer, including lung, breast, brain, prostate, ovarian, and so many more. Your contribution as a Terry Foxer is spread widely across the research spectrum, and has a vital impact on the brilliant work of Canadian researchers.

Please convey our thanks to all those who supported your team's effort, including your very generous donors. We look forward to commemorating the 30th Anniversary of the Marathon of Hope with you in 2010.

With best wishes,

Betty & Rolly
Betty and Rolly Fox

P.S. Rod, thank you so very much for your commitment to our son's dream. It is a privilege to count you among our most dedicated supporters year after year.
